GPA Uploads Fifth Energy Credit To Active Customer Accounts

The $100 energy credit was posted yesterday for the August billing cycle

(Fadian, Guam) – The Guam Power Authority (GPA) announces that the August energy credit was posted yesterday to all active GPA accounts. This is the fifth in a series of six $100 credits made possible through the Prugråman Ayuda Para I Taotao-ta Energy Credit program (P.L. 37-104), which made $600 in energy credits available for residential and commercial GPA account holders for the April through September 2024 billing cycles.

GPA General Manager John M. Benavente, P.E. said, “We are pleased to report that we received the funding from the Department of Administration on Monday, and the August energy credit of $100 was immediately applied to all active GPA accounts. Customers can expect one more increment for the month of September as a part of this series of utility credits.”

GPA customers can view the credit in their online accounts or their next billing statement.

GPA GM Benavente added, “We thank Gov. Lou Leon Guerrero, Lt. Gov. Josh Tenorio, and Senators from the 37th Guam Legislature for making the energy credits available to our customers. The credits have directly helped families to save on their utility bills and use that savings for back-to-school and other daily necessities.”
