GPA Applies Latest Energy Credit to All Qualified Accounts

The second increment of the $100 Prugråman Ayuda Para I Taotao-ta energy credit program was applied today, saving customers on their current bill

(Fadian, Guam) – The Guam Power Authority (GPA) confirmed today that the second increment of the Prugråman Ayuda Para I Taotao-ta Energy Credit program was officially applied to all qualified residential and commercial accounts. The $100 credit for November 2023 is the second of three credits made possible under Public Law 37-49.

Acting GPA General Manager Tricee Limtiaco said, "GPA is pleased to announce that November energy credit of $100 was successfully uploaded to all active accounts today. We thank DOA for transmitting the funds so our customers can receive the credit during this holiday season when they need it most. Customers can look forward to one more energy credit to their accounts under the current program."

The recent extension of the Prugråman Ayuda Para I Taotao-ta Energy Credit program provides up to $300 in energy credits, which are scheduled for disbursement at $100 each month for October through December 2023 billings. GPA received the second $5.27 million in funding from the Department of Administration (DOA) on December 26, 2023 and immediately credited customers' accounts. Customers can check their online accounts to view their credit.

GPA asks the community to continue to conserve energy

GPA continues to encourage households and businesses to reduce their energy consumption between the high-demand hours of 5:00 p.m. and 11:00 p.m. to help alleviate the demand on the Island-Wide Power System. More information about GPA's ongoing Beat the Peak campaign and energy conservation tips can be found on GPA's customer service website (guampowerauthority.com) and Facebook and Instagram pages (@guampowerauthority).
