February 2024 Energy Credit Applied to GPA Accounts

Second increment of extended $100 Prugråman Ayuda Para I Taotao-ta energy credits are available now in customers' accounts

(Fadian, Guam) – The Guam Power Authority (GPA) confirmed yesterday that the second of three increments of the $100 Prugråman Ayuda Para I Taotao-ta Energy Credits has been uploaded to all active GPA accounts. Customers can log in to their GPA accounts to view that the February 2024 has been applied.

GPA General Manager John M. Benavente, P.E. said, "GPA thanks the Government of Guam and the Department of Administration for working with us to expedite the monthly utility credits. Our customers continue to count on this direct assistance and have expressed their appreciation for the additional $300 in savings."

The current extension of Prugråman Ayuda Para I Taotao-ta Energy Credits was made possible under Public Law 37-66 (P.L. 37-66), which extended the energy credit program for the fifth time. All active residential and commercial accounts are scheduled to receive $300 in aid, which are credited to customers' GPA accounts in $100 increments for three months.

Customers who need additional assistance with their power bills are encouraged to contact DOA to see if they qualify for the Emergency Rental Assistance Program and the Guam Energy Office for the Weatherization Program.

GPA Encourages Customers to Prepare for Summer Months

As temperatures rise and the island prepares for summer, GPA provides tips for how customers can reduce their power bills further by managing their energy consumption and implementing energy saving tips available through GPA's customer service website (guampowerauthority.com), newsletters, and Facebook and Instagram pages (@guampowerauthority). GPA invites residents and businesses to learn more about how they can Beat the Peak and reduce their energy consumption between the high-demand hours of 5:00 p.m. and 11:00 p.m. and help reduce the demand on the Island Wide Power System.
