GPA Receives Funding For First of Three Energy Credits

$100 Prugråman Ayuda Para I Taotao-ta energy credit for October 2023 was applied to all active GPA residential accounts

(Fadian, Guam) – Guam Power Authority (GPA) applied the first $5.27 million in funding for the October 2023 energy credit to all active residential and commercial accounts today. GPA received funding from the Department of Administration (DOA) for the first of three energy credits from the third extension of the Prugråman Ayuda Para I Taotao-ta Energy Credit program under Public Law 37-49. The new law extended the $100 energy credits for three months from October through December 2023.

GPA General Manager John. M. Benavente, P.E. said, "Once again GPA thanks Speaker Therese Terlaje, Vice Speaker Muña Barnes and Senators Barnett, Parkinson, Perez, Quinata, San Agustin, Shelton, and Taitague of the 37th Guam Legislature who voted to pass Bill 173-37 to extend this energy credit for our customers. We also thank Gov. Lou Leon Guerrero for her support and for signing the bill into law to assist our ratepayers."

"We also thank our partners at DOA for working swiftly to distribute the funding for the energy credit extension so our customers can experience the savings immediately. This couldn't have come at a better time to provide relief during the holidays. Customers can log in to their accounts now to view the credit," added GM Benavente.
